Homework 4

Due in-class on Monday, February 24.

Complete problems 5.3, 5.8, 5.10, 5.13, 5.16, 5.17, and 5.22

Submit a single python document for the assignment. Non-code based answers to questions should be written as comments within the document. Do not comment out function definitions unless they contain an error that you cannot fix. *The document must load without error.*
